

POSITION DESCRIPTION

INCUMBENT _____ CSN _____

PRESENT CLASSIFICATION _____ LPN II _____ DATE _____

DEPARTMENT/DIVISION _____ Internal Medicine/Gastroenterology _____

Function

The incumbent in this position will perform full-time nursing duties in the Department of Internal Medicine at 751 N. Rutledge. This Licensed Practical Nurse will assist the Gastroenterology physicians in-patient care activities in the clinic and will perform direct patient care requiring elementary nursing principles.

Organizational Relationship

The incumbent will report to the Health Care Administrator II who reports to Health Care Administrator III, Director of Clinical Operations for the Department of Internal Medicine Clinic.

Duties and Responsibilities

The following information is intended to be representative of the work performed by incumbent in this position and is not all-inclusive. The omission of a specific duty or responsibility will not preclude it from the position if the work is similar, related, or a logical extension of position responsibilities.

I. Clinic Duties 70%

Assist the physician with patient care, (i.e., prepares equipment for diagnosis and treatment, calls patients from the waiting room, obtains vital signs and basic care data and prepares the patient for the physician's examination or other clinical procedures).

Provides and coordinates patient education and information, (i.e., explains exam procedures to be performed by the physician and answers questions for patients and their families under physician's direction).

Rotates to assist other physicians as the need arises.

Evaluates medical records for completeness prior to patient visits and obtains missing information.

Reports to and assists RN in care acute and or episodic minor illness of Clinical Service patients.

Schedules appointments for future patient visits, appointments with other physicians and ancillary services and procedures, instructs patients accordingly.

Monitors patient telephone calls and answers applicable questions, determines problems; or redirects call to proper person.

Under direction of physician, orders medication refills. Documents action in patient's medical record.

Performs laboratory procedures such as urinalysis, throat culture, or venous puncture.

Administers medications under direction of a physician or RN.

Performs EKG's and maintains necessary supplies.

Completes managed care referrals.

Assists with other procedures as needed.

II. Administrative Duties: 30%

Maintains clean well-equipped exam rooms. Keeps track of and orders supplies.

Attends in-service classes and meetings as directed and as deemed necessary. Suggests ideas for in-service training and improving patient education.

Copies and transmits Gastroenterology patient records to other physicians, hospitals, etc.

Knowledge required for the Job

Good communication skills.

Knowledge of clinic policy and procedures.

Responsibility

A. Supervisory Controls – Supervisory controls are established by the Health Care Administrator II and/or Health Care Administrator III, Director of Clinical Operations for the Department of Internal Medicine. The nurse uses independent judgment and discretion to operate her clinics according to individual physician preference and patient needs.

B. Guidelines – This person will have access to a procedural manual of clinic procedures and a policy manual and will be given orientation to different specialty procedures per other nursing staff in those specialties. Performance appraisals are completed periodically according to the school/department policy.

Difficulty

A. Complexity – This practical nurse must adapt to various practice styles of faculty.

This nurse is called upon for a variety of skills which are characterized by sudden change or short notice in order to complete assigned tasks. This nurse must work in an environment amid constant interruptions.

He/she must possess skills that will enable them to stop a task to complete another task and then return to the first task and complete it.

This nurse must be able to cover more than one doctor at a time when necessary.

- B. Scope and Effect – This nurse is expected to maintain a suitable environment for patients. His/her performance affects patients, faculty and other clinical staff.

Personal Relationships

Personal contact with Faculty and staff of clinical departments, community physicians and staff, resident physicians, medical students, patients, local pharmacists, Memorial Medical Center Laboratory, MMC X-ray, pharmaceutical salesmen, personnel of MMC and St. John's Hospital, United Imaging, and MRS Center.

Possible Hazards

Contact with steam sterilizers.
Contact with occasional infectious patients.

Physical and Environmental Requirements

See attached form outlining the physical and environmental requirements of the position.
