

Curriculum Vitae
Yen-Yi Peng, MD.

Revised May, 2012

Mailing Addresses: P.O. Box 19643
Department of Neurology
Southern Illinois University, School of Medicine
Springfield, IL 62794-9643

Physical: Richard H. Moy Building
751 N. Rutledge, Room 3512
Springfield, IL 62702

Work Phone: (217) 545-5175

Email: ypeng@siumed.edu

Education & Training:

2005-2006 Fellowship in Clinical Neurophysiology, Southern Illinois University,
School of Medicine
2004-2005 Chief Resident, Neurology, Southern Illinois University School of
Medicine
2001-2005 Residency Program, Southern Illinois University School of Medicine
Dept of Neurology
2000-2001 Intern Internal Medicine, Southern Illinois University School of
Medicine
1993-1997 Residency Neurology Department, National Taiwan University Hospital
1984-1991 M.D. graduate Taiwan National Taiwan University, Medical College

Academic Appointments:

2008-Present Assistant Professor, Dept of Neurology, Southern Illinois University
School of Medicine
2008-Present Professor Electroencephalography/Evoked Potentials Course, Southern
Illinois University School of Medicine

Medical Staff Appointments:

2009-Present Medical Director Neurophysiology, Memorial Medical Center,
Springfield, Illinois
2008-Present Memorial Medical Center, Springfield, Illinois
2008-Present St. John's Hospital, Springfield, Illinois
2007-2008 Clinical Neurologist, Li-Shin Hospital, Taiwan
2006-2007 Clinical Neurologist, E-Zen Hospital, Taiwan
2001 Clinical Neurologist, E-Zen Hospital, Taiwan
1997-2000 Clinical Neurologist, Li-Shin Hospital, Taiwan
1991-1993 Military Medical Officer in the ARMY of Taiwan

Medical Licensure:

2004-Present Department of Financial and Professional Regulation, State of Illinois
2004 Medical Board of California, State of California

Certificates:

2006 Specialty of Neurology, American Board of Psychiatry and Neurology
2007 Specialty of Clinical Neurophysiology, American Board of Psychiatry & Neurology
2010 American Board of Clinical Neurophysiology with added competency in Epilepsy Monitoring
2010 American Board of Clinical Neurophysiology with added competency in Neurophysiologic Intraoperative Monitoring
2011 Specialty of Sleep Medicine, American Board of Psychiatry & Neurology

Memberships:

2008-Present American Academy of Neurology
2008-Present American Epilepsy Society
2008-Present American Clinical Neurophysiology Society
2008-Present International Federation of Clinical Neurophysiology
2009-Present American Medical Association
2008 Sangamon County Medical Society
1996 Taiwan Neurological Society

Speciality:

Clinical Neurology
Clinical Neurophysiology
Epilepsy
EEG
EMG

Publications:

1. Hypertensive Encephalopathy in Eclampsia: Severe but Reversible Neurological Manifestations and Magnetic Resonance Imaging Appearances. Yen-Yi Peng MD; Ming-Jang Chiu, MD; Hon-Man Liu and etc. Acta Neurol Sin 1996; 5:77-85.
2. Color Doppler Ultrasonography in Deep Vein Thrombosis of the Legs: A comparison with Contrast Venography. Bao-Show Hwang, Yen-Yi Peng MD, Jiann-shing Jeng and etc. J Mec Ultrasound 1996; 4:35-88.
3. Aetiologies and prognosis of Chinese patients with deep vein thrombosis of the lower extremities. Yen-Yi Peng MD; Jiann-Shing Jeng; M-C Shen and etc. QJM 1998; 91:681-686.

Clinical Trials

Principal Investigator

1. **Sepracor BIA2093-304:** Efficacy and Safety of Eslicarbazepine Acetate (BIA 2-093) as Adjunctive Therapy for Refractory Partial Seizures in a Double-Blind, Randomized, Placebo-Controlled, Parallel-Group, Multicentre Clinical Trial
2. **K826-05-3001:** A phase 3, randomized, double-blind, parallel, placebo-controlled, multicenter study, with optional open-label continuation, of the efficacy and safety of Vanquix Auto-Injector (Diazepam injection) for the management of selected, refractory, patients with epilepsy who require intermittent medical intervention to control episodes of acute repetitive seizures.
3. **Lundbeck:** Open-label study to assess the safety and tolerability of intravenous carbamazepine as short-term replacement or oral carbamazepine in adult patients with epilepsy
4. **Pfizer:** A Randomized, Double-Blind, Placebo-Controlled, parallel Group, Multi-Center Trial of Pregabalin Controlled Release Formulation as Adjunctive Therapy in Adults with Partial Onset Seizures

Sub-Investigator

1. **UCB SP902:** A Historical- Controlled, Multicenter, Double-Blind, Randomized Trial to Assess the Efficacy and Safety of Conversion to Lacosamide 400mg/day Monotherapy in Subjects with Partial –Onset Seizures. Protocol No. S
2. **UCB SP904:** A Multicenter, Open-label Extension Trial to Assess the Long-term Use of Lacosamide Monotherapy and Safety of Lacosamide Monotherapy and Adjunctive Therapy in Subjects with Partial Seizures
3. **Sepracor 093-045:** Double-blind, Randomized, Historical Control Study of the Safety and Efficacy of Eslicarbazepine Acetate Monotherapy in Subjects with Partial Epilepsy Not well controlled by Current Antiepileptic Drugs
4. **Sepracor 093-050:** Long-Term Eslicarbazepine Acetate Extension Study
5. **Supernus 801P301:** Multicenter, Double-Blind, Randomized, Placebo-Controlled, Three-Arm, Parallel Group Study to Evaluate the Efficacy and Safety of Oxcarbazepine Extended-Release (OXC XR) (1200mg/day, and 2400mg/day) as Adjunctive Therapy in Subjects with Refractory Partial Seizures due to Epilepsy on up to Three Concomitant Antiepileptic Medications.

6. **Supernus 801P302:** Multicenter, Open-Label Extension Study to Evaluate the Long-Term Safety and Tolerability of Oxcarbazepine Extended-Release (OXC XR) as Adjunctive Therapy in Subjects with Refractory Partial Epilepsy on up to Three Concomitant Antiepileptic Medications
