

SIU School of Medicine Curriculum -- Academic Year 2003-2004

Year 1		2003												2004																																											
Year	1	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52	53	54	55	56
		7/7	7/14	7/21	7/28	8/4	8/11	8/18	8/25	9/1	9/8	9/15	9/22	9/29	10/6	10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1	12/8	12/15	12/22	12/29	1/5	1/12	1/19	1/26	2/2	2/9	2/16	2/23	3/1	3/8	3/15	3/22	3/29	4/5	4/12	4/19	4/26	5/3	5/10	5/17	5/24	5/31	6/7	6/14	6/21	6/28	7/5	7/12	7/19	7/26
<p>An introduction to the professional life as a physician including basic clinical skills; basic concepts of diseases and disorders which integrate basic sciences; and the development of life-long learning skills. Emphasis is on physiology, anatomical correlates and cellular mechanisms involved in disease processes.</p> <p>Learning Activities include: clinical skills, direct patient contacts, paper cases, standardized patients, small group case-based problems, and resource sessions (both small and large group). Approximate distribution of activities: 50% - Small Group Problem-Based Learning 20% - Resource Encounters 30% - Clinical Activities</p>		DOC/Cardiovascular/Respiratory/Rena												vac Sensorimotor Systems and Behavior																																											
		DOctoring Streamer												vac Endocrine/Reproduction/Gastrointestinal																																											
		Mentored Prof Enrich Exp																																																							
		Students move through the segments as twelve groups of six DOctoring Streamer continues throughout the year (PAC, Continuity Clinic, Peer and Self Assessment) DOctoring in Y1 introduces clinical knowledge and skills (with focus on normal history and physical findings), Geriatrics and Genetics												Holidays/Breaks National Primary Care Week Orientation is on Friday, August 15																																											

Year 2		2003												2004																																													
Year	2	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52						
		7/7	7/14	7/21	7/28	8/4	8/11	8/18	8/25	9/1	9/8	9/15	9/22	9/29	10/6	10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1	12/8	12/15	12/22	12/29	1/5	1/12	1/19	1/26	2/2	2/9	2/16	2/23	3/1	3/8	3/15	3/22	3/29	4/5	4/12	4/19	4/26	5/3	5/10	5/17	5/24	5/31	6/7	6/14	6/21	6/28	7/5	7/12	7/19	7/26		
<p>A series of integrated clinical/basic science units with more complex clinical problems, advanced clinical skills and emphasis on pathophysiology, microbiology and pharmacology.</p> <p>Learning Activities include: increased clinical experience in association with advanced students and residents, more complex simulated or real patient problems in small groups, resource encounters and experiences in alternative health care systems. 35% - Small Group Problem-Based Learning 15% - Resource encounters 50% - Clinical activities</p>		DOC Hematology, Immunology and Infection												Circulation (CV/Renal/Respiratory)																																													
		DOctoring Streamer												Neuromuscular/Behavior																																													
		Endocrine/Reproduction/Gastrointestinal												USMLE Prep																																													
		Take USMLE Vacation												Y3 Begins																																													
		DOctoring Streamer continues throughout the year (PAC, Continuity Clinic, Peer and Self Assessment) DOctoring in Y2 reiterates and builds on Y1 knowledge and skills (with switch in focus to abnormal history and physical findings), Geriatrics and Genetics 1) Basic science and clinical co-chairs for the vertical segments 2) Each streamer topic is represented on the Y2CC by an individual to ensure integration into the vertical segments 3) DOctoring and other clinical experiences may be partially delinked from the progression of the segments 4) Horizontal streamer topics will be integrated into the segments and include: a) Evidence-based medicine, epidemiology, preventive medicine, and public and population health; b) Genetics; c) Neoplasia; d) Infection (Microbiology, Immunology, Pharmacology)												Holidays/Breaks (Number of days at Thanksgiving and Spring Break to be determined) National Primary Care Week Empathy 201 Dates: September 9, October 14, November 18, December 9, January 13, February 10, March 9, April 13, and May 11 PAC Sessions (8-12 noon): September 8, October 20, December 01, January 26, March 15, April 26																																													

Year 3		2003												2004																																							
Year	3	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52
		7/7	7/14	7/21	7/28	8/4	8/11	8/18	8/25	9/1	9/8	9/15	9/22	9/29	10/6	10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1	12/8	12/15	12/22	12/29	1/5	1/12	1/19	1/26	2/2	2/9	2/16	2/23	3/1	3/8	3/15	3/22	3/29	4/5	4/12	4/19	4/26	5/3	5/10	5/17	5/24	5/31	6/7	6/14	6/21	6/28
<p>A series of rotations through major clerkship areas for a breadth of specialty and primary-care oriented clinical experiences, as well as a two-week DOctoring experience focusing on the physician-patient relationship. Faculty cross clinical discipline areas and will include basic scientists.</p> <p>Learning Activities include: direct patient contact in patient care teams, with continued emphasis on basic science concepts and skills for life-long learning. At the conclusion of this year students should have broad exposure to be able to develop career choices. 10% - Small Group Problem-Based Learning 05% - Resource encounters 85% - Clinical activities</p>		Surgery vac Medicine/Neurology												FCM V2 V1 Psych OB/GYN Peds vac Medicine/Neurology																																							
		Medicine/Neurology vac Surgery vac Surgery												DOC Peds V1 Psych Peds FCM V2 V1 Psych OB/GYN FCM V2																																							
		FCM V2 V1 Psych OB/GYN Peds vac Medicine/Neurology												DOctoring Streamer																																							
		DOctoring Streamer continues throughout the year (PAC, Continuity Clinic, Peer and Self Assessment, Geriatrics, Genetics) DOctoring in Y3 focuses on the Physician-Patient Relationship Students will continue to participate in small group, case-based discussions that promote basic science learning issues Students have one week of vacation plus the holidays Significant overlap between Medicine rotations, probably cannot be handled by having students rotate through Neurology during overlap; Surgery still has down time:												Holidays/Breaks (Number of days at Thanksgiving and Spring Break to be determined) National Primary Care Week The last 2 days of each FCM Clerkship are vacation days; the first day of each Psych Clerkship (except the first rotation) is a vacation day Empathy 301 Dates: August 19, September 30, November 4, February 17, and June 1																																							

Year 4		2003												2004																																							
Year	4	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47	48	49	50	51	52
		7/7	7/14	7/21	7/28	8/4	8/11	8/18	8/25	9/1	9/8	9/15	9/22	9/29	10/6	10/13	10/20	10/27	11/3	11/10	11/17	11/24	12/1	12/8	12/15	12/22	12/29	1/5	1/12	1/19	1/26	2/2	2/9	2/16	2/23	3/1	3/8	3/15	3/22	3/29	4/5	4/12	4/19	4/26	5/3	5/10	5/17	5/24	5/31	6/7	6/14	6/21	6/28
<p>Individually-oriented pathways that provide opportunities for specialty-directed prerequisite skill acquisition, supplemental clinical experience, research, advanced clerkships, and mentoring of Year 2 students, with three required clerkships: Anesthesiology, Neurology, and DOctoring, which focuses on Society, Law and Healthcare.</p>		Students participate in one, two, and four-week and extended electives, as well as residency planning.												DOctoring Streamer																																							
		CCX CCX												DOctoring Streamer																																							
		Students rotate through the two-week Anesthesiology Clerkship and second two weeks of four-week Neurology Clerkship.												Match Graduation 5/22/04																																							
		DOctoring Streamer continues throughout the year (PAC, Continuity Clinic, Peer and Self Assessment, Geriatrics, Genetics) DOctoring in Y4 focuses on Society, Law and Healthcare DOctoring Requirements include mentoring Y2 Student and four 1-hour meetings with Geriatric Mentor Students will continue to participate in small group, case-based discussions that promote basic science learning issues												Holidays/Breaks (Number of days at Thanksgiving and Spring Break to be determined) National Primary Care Week 4-week electives begin 5-week extended electives begin (no extended electives may be taken during the two-week DOctoring Segment) Empathy 401 Dates: September 9, October 14, November 18, December 9, January 13, February 10, March 9, April 13, and May 11
