

Physician Guide

Effective October 1, 2009, SIU Physicians & Surgeons changed to SIU HealthCare. Please be assured that our name is the only thing that will change. Our medical professionals, our clinics and all things associated with our clinical operation will remain the same. Along with our new name of SIU HealthCare, you will also see the phrase, "Exceptional Medicine. Partners in Care." We believe this name change will make it easier for you to identify and recognize who we are and to know what to expect when you visit one of our SIU HealthCare medical clinics.

SIU HealthCare is intended to capture the full array of health care services that we offer to you and your family and to clearly reflect the breadth of services we provide in Springfield and throughout the central and southern Illinois communities we serve.

You will soon see and hear our new name -- SIU HealthCare -- in many places. We are grateful for your confidence in SIU Physicians & Surgeons, now called SIU HealthCare. If we can be of further assistance to you, please feel free to call the SIU Call Center at 217-545-8000 or toll-free at 1-800 DIAL SIU (1-800-342-5748). Our Call Center provides you with a direct connection to our primary care physicians and specialists and to the services offered through SIU HealthCare. SIU Call Center representatives are available from 8:00 a.m. to 4:30 p.m., Monday through Friday, to assist you.
