4) CCX (3 cases)		If a student fails two of the three cases, he/she will remediate one CCX case. If the student fails the case on the second attempt, the Department of Psychiatry will recommend a remediation plan to the Student Progress Committee.
5) Clinical Evaluations		If student receives two unprofessional evaluations, the Department of Psychiatry will recommend a remediation plan to the Student Progress Committee.
6) Noncognitive	Pass/Remediate	See Learning Objectives
7) Demonstrate understanding of system-based practice Psychiatry	Pass/Remediate	See Learning Objectives

Final Clerkship Evaluation

The following criteria will be used in determining “Excellence” in the 3 categories defined on the Final Clerkship Evaluation Form:

- Excellence in Cognitives
Students must score 81 on the NBME.
Student must pass all 3 CCX.
- Excellence in Non-Cognitives
Students must complete an additional paper on substance use disorders. A list of acceptable Substance Abuse topics will be compiled.
- Excellence in Clinical
Faculty will review student evaluation summaries for students trying for Honors or who have been recommended for Honors or Excellence by a faculty member on the Final Clerkship Evaluation Form.

The summary will include evaluation composite scores and faculty comments. Faculty will be encouraged to provide more comments on the Final Clerkship Evaluation Form than in the past. They are also asked to include reference to not having sufficient contact with the student to determine Honors or Excellence performance.

Faculty will also review marginal student evaluations.
