

MENTORING EXPECTATIONS

All students are required to meet with their assigned mentor a minimum of 2 times during the psychiatry clerkship. The first meeting should occur prior to the midterm. Your mentor will review your required H&Ps. Other suggested mentor topics include:

- ❖ Review Clerkship Core Skill and Knowledge and Attitude Learning Objectives and note Facilitation/Resource column that applies to mentors and discuss with mentors accordingly
- ❖ Mentor will serve as contact/liaison. Mentors will assess your progress and will address any issues/problems you may have.
- ❖ Mentor will teach and review the MSE and MMSE with you.
- ❖ History taking for psychiatric patients will be discussed.
- ❖ Treatment planning
- ❖ Biopsychosocial approach
- ❖ Discuss psychopharm
- ❖ Any questions you have about patients and/or topics related to your clinical experience.
