Class of 1976

Charter Class Undertakes First Reunion Gift Campaign

This year, graduates of SIU School of Medicine's class of 1976 will celebrate their 25-year reunion. This class is the charter class, the first to spend all of their medical school years at SIU.

To recognize this milestone, a committee composed of classmates Steve Goetter, M.D., Larry Jones, M.D., Duane Nelson, M.D., and Mike Pick, M.D., is leading a special reunion fund-raising campaign.

Money raised will establish a new alumni scholarship fund to be used to help students meet the steadily increasing costs of their education. As future classes mark their 25-year reunions, they will invited to continue this tradition and help grow this important student resource.

Each member of the class of '76 is being asked to pledge \$1000 toward the establishment of this fund. The results of the campaign will be announced during reunion weekend, June 22-23.
