

Clinical Clerkship Grade Review Process

All students shall be entitled to ask for a review of a final clerkship grade by the department and receive a timely response. All departments shall be required to substantially comply with the following guidelines.

When the final grade for the clerkship is assigned, students will receive notification from the department indicating that the evaluations are complete and populated to MyProgress.

If a student believes there has been an error in the grading process, or believes the final evaluation does not accurately reflect the performance, the student may speak informally with the faculty to find a resolution. However, the student is not required to pursue an informal review, but instead may request a formal review.

To begin the formal review process, a student must provide the Clerkship Director with a written document that outlines the basis for the request. Unless there are unusual or compelling circumstances, the written request, along with any supporting documentation, must be filed by the student within 30 working days of the official recording of the final grade. The request for review will prompt a review of the student's portfolio. The outcome of this review will be shared with the student before any change in evaluation is submitted. The Clerkship Director, in writing, must respond to the student's request within 10 working days of receipt of the request for review.

Should the student wish to have further review of the Clerkship Director's decision, a written request for grade review will need to be submitted to the Chair of the Department within 10 working days of the decision of the Clerkship Director. The Chair of the Department must respond, in writing, to the request for review within 10 working days of receipt of the request for review. The decision of the Chair of the Department will be submitted as the final grade
