

MyProgress: Year 4 Student Instructions

Go to the site and log in using the SIUMED single sign on option: <https://siumed.mkmapps.com/myprogress>

Navigate to the Assessments tab. You will see the forms listed. Your screen will look a little different from the one displayed below, as you will have the option of completing a form.

The screenshot shows the MyProgress web application interface. On the left is a navigation sidebar with the following items: ePAD, Assessments (highlighted with a red circle), Completed assessments, Feedback, Blog, and Progress & reports. The main content area is titled 'Assessments' and features a search bar and a dropdown menu for 'All categories'. Below this is a table of assessment forms. The table has columns for assessment name, date set, responses, feedback, and a 'Resend to mobile device' button. The 'Y4 Student Evaluation of Elective' row is highlighted with a green background and has a red 'X' over the 79% best and last scores.

Don't pay any attention to scores listed. We aren't using that feature and that data is meaningless.

When you open a form to complete it, you may have a dropdown list of electives you are taking. We had to extend the end date so that you could complete the form after the elective ended. Just pay attention to the start date and elective name.
