

Verification of Proficiency Module for Colonoscopy SIU Surgical Skills Laboratory

OBJECTIVES: *By the end of this module the resident will meet proficiency standards for the performance of:*

- Colonoscopy

GUIDELINES FOR PRACTICE

- View the videotape of the expert performance of a colonoscopy: *Endo Clines - Endoscopic Procedures for the Practicing Physician, G. Ginsberg, MD, Cine'Med Inc. CD-R*
- View the Accutouch Endoscopy Simulator technique videos. These videos are found by accessing the Lower Endoscopy Didactic Content-Procedure Overview on the Accutouch Endoscopy Simulator
- Complete ten entire repetitions of the first case on the Immersion Medical Accutouch Endoscopy simulator
- Review the case data at the end of each simulator case
- Practice with focusing on the mechanics of manipulation of the control wheels and colonoscope handling
- Consider requesting verification of proficiency when you are able to complete the simulated case within 30 mins, visualize 80% of the mucosa, reach the cecum in every case, removed 80% of the insufflated air and have no fatal flaws

INSTRUCTIONS FOR VERIFICATION FOR PROFICIENCY TESTING

Submit to the lab personnel a printed copy of your final simulator case. After you have completed the ten repetitions AND have completed at least one of the simulator cases within these requirements:

- 1) complete the case within 30 mins
- 2) visualize 80% of the mucosa
- 3) reach the cecum in every time
- 4) removed 80% of the insufflated air
- 5) no fatal flaws.

This printed copy of your final simulator case will serve as your Verification of Proficiency.
