

# Point-of-Care Ultrasound: An Introduction and Refresher Course for the Practicing Physician

September 29, 2021

Memorial Center for Learning and Innovation  
228 W Miller Street  
Springfield, IL 62702

## Course Description:

Full day conference aimed to provide practicing physicians instruction on bedside ultrasound and how to integrate it into their practice. This includes didactics on sonographic principles and instrumentation, exposure to common applications of bedside ultrasound in the ED and hospital, and an introduction to ultrasound guided procedures. Hands on sessions with specific instruction on the e-FAST exam as well as ultrasound guided venous access are integrated to help familiarize participants with these techniques. This will include an ability to practice exams on several standardized patients and practice line placement on high fidelity phantoms.
