### Year 1

**2021**

**Learning Activities include:** clinical skills, direct patient contact, paper cases, standardized patients, small group case-based problems, and resource sessions (both small and large groups).

- Students move through the segments in small groups.
- Holidays/Breaks
  - Two-day orientation starts on Thursday, August 12, 2021

**2022**

**Remediation Periods:**
1. I: June 20 - July 8, 2022
2. II: June 27 - July 15, 2022
3. III: July 11 - 29, 2022

### Year 2

**2022**

**Learning Activities include:** increased clinical experience in association with attending students and residents, more complex simulated or real patient problems in small groups, resource encounters and experiences in alternative health care systems.

- Doctoring Streamer continues throughout the year (includes Geriatrics)
- Holidays/Breaks

**2023**

**A series of integrated clinical/basic science units with more complex clinical problems, advanced clinical skills and emphasis on pathophysiology, microbiology and pharmacology.**

- Doctoring: Medical Humanities Clerkship in Y4 focuses on The Physician and Society. 4-week electives begin (no extended electives may be taken during required Clerkships).
- Doctoring Streamer continues throughout the year (includes Geriatrics, Students as Teachers)
- Holidays/Breaks

### Year 3

**2023**

**Learning Activities include:** direct patient contact in patient care teams, with continued emphasis on basic science concepts and skills for life-long learning. At the conclusion of this year students should have broad exposure to be able to develop career choices.

- Doctoring Streamer continues throughout the year (includes Geriatrics, Students as Teachers)
- Holidays/Breaks

**2024**

**A series of rotations through major specialty areas for a breadth of specialty and primary-care oriented clinical experiences, as well as a two-week Doctoring experience focusing on the physician-patient relationship.**

- Doctoring: Medical Humanities Clerkship in Y4 focuses on The Physician and Society. 4-week electives begin (no extended electives may be taken during required Clerkships).
- Doctoring Streamer continues throughout the year (includes Geriatrics, Students as Teachers)
- Holidays/Breaks

### Year 4

**2023**

**Learning Activities include:** direct patient contact in patient care teams, with continued emphasis on basic science concepts and skills for life-long learning, as well as an emphasis on career pathways. At the conclusion of this year students should be ready to begin residency training.

- Doctoring Streamer continues throughout the year (includes Geriatrics, Students as Teachers)
- Holidays/Breaks

**2024**

**Individually-oriented Pathways that provide opportunities for specialty-directed prerequisite skill acquisition, supplemental clinical experiences, research, 4-week Neurology Clerkship rotations, plus a 2-week Doctoring experience, genetics, and Y4 mentoring program.**

- Doctoring Streamer continues throughout the year (includes Geriatrics, Students as Teachers)
- Holidays/Breaks
