

MASTER OF BIOMEDICAL SCIENCE DEGREE

MBS: AN OPPORTUNITY TO IMPROVE YOUR APPLICATION PROFILE FOR MEDICAL OR DENTAL SCHOOL ADMISSION.

The BMS is a one-year, 30-credit coursework master's degree for students pursuing health professions careers, to increase their competitiveness for professional school application through an earned graduate degree. The program is offered through the SIUC College of Agricultural, Life and Physical Sciences and the SIU School of Medicine. Students are encouraged to apply to professional schools at the conclusion of the degree.

Personalized Advising to help you get the most out of your master degree year. Individualized help with the professional school application process, including writing workshops.

Most coursework taught by SIU School of and biochemistry – excellent preparation for MCAT/DAT exams and professional school curricula.

Careful consideration for SIUSOM admission for all downstate Illinois applicants with a 498 MCAT minimum.
