SIU RESIDENTS FACEBOOK GROUP

The Office of Graduate Medical Education (OGME) facilitates a closed Facebook group for current, former, and incoming residents & fellows.

Incoming residents may find helpful information in this group regarding local services and relocation. It can also be used as a forum to pose questions to current residents and staff. Exiting residents can list items for sale here, such as furniture.

The link to this Facebook group is: <https://www.facebook.com/groups/SIUResidents/>

OGME encourages all incoming residents to submit a request to join the group. The administrators ask if you are an incoming resident or if you are a partner of an incoming resident. This helps us determine that you are not someone requesting to join who is not affiliated with an SIU resident.

DUPLEXES AND HOUSES FOR RENT OR PURCHASE

There are houses to rent, but many more duplexes. A duplex consists of two rental units in the same building, but a renter only rents 1/2 of the building. Most duplexes are side by side, meaning that no one is above you. They range in price from \$900 per month to \$2200 per month depending on age and finishes.

The duplexes and houses for rent are privately owned. A renter can work directly with the owner or could also enlist the assistance of a real estate agent when searching for a home. Typically there is no charge to work with a real estate agent when searching for rentals.

Springfield is considered one of the most affordable places to purchase a home and homes can be purchased with only 5% down or less. Whether that is an option you should consider depends on a number of factors. Find a real estate agent that you trust and discuss the pros and cons for your particular situation. It costs you nothing and may be worth the time.

If you are not familiar with any Real Estate Agents, check the list on page 2. There are agents recommended by residents/fellows.

BANKS, FINANCES, AND MORTGAGES

FIRST for Residents: The AAMC has a website that offers a variety of tools and resources to assist residents with financial choices. www.aamc.org/services/first/first_for_residents/

There are many options for banking in the Springfield area. The following financial institutions have been

recommended by residents and/or have contacted the Office of Graduate Medical Education regarding accounts or programs geared specifically to residents and medical students.

However, it might be most convenient to establish your finances at a bank near your home once you move to Springfield.

- Illinois National Bank (INB)
- Regions Mortgage
- Bank of Springfield (BOS has a branch located across from St. John's)
- Hickory Point Bank
- Marine Bank
- Security Bank
- Town and Country Bank
