The SIU Opioid ECHO is coordinated by the Department of Psychiatry at SIU School of Medicine. The ECHO aims to create a network of trained providers with DATA-2000 waivers who will improve access and care for patients with opioid addiction. The Opioid ECHO will also train clinicians who have the DATA-2000 waiver but who are not yet prescribing.

Project ECHO® (Extension for Community Healthcare Outcomes) is a movement to demonopolize knowledge and amplify the capacity to provide best-practice care for underserved people all over the world through three tenets:

1. MULTIPPOINT VIDEOCONFERENCING
2. BEST PRACTICES PROTOCOL
3. CASE-BASED LEARNING

BENEFITS OF THE OPIOID ECHO

- Earn up to 8 continuing education credits
- Present your cases to a panel of psychiatrists and addiction specialists
- Learn and interact with experts from your phone, computer or tablet. No need to travel!
- Discuss timely topics, including psychiatric comorbidity, tapering opioids, and pain management.

Funding provided in whole or in part by the State of Illinois, Department of Human Services.
