

SYMPOSIUM ON NEUROLOGICAL DISORDERS FOR PRIMARY CARE PROVIDERS

Wednesday, September 25

Memorial Learning Center
228 W Miller Street

Join us for a comprehensive symposium focused on the recognition and management of common neurological problems tailored for primary care providers and non-neurologists. This event will equip participants with the knowledge to conduct neurological examinations, determine appropriate investigations, understand the significance of abnormal findings, and identify when to refer patients to a neurologist.

Who should attend

This program is designed for primary care providers, advanced practice providers, and other healthcare professionals interested in enhancing their neurological assessment skills.
