

Memorial EAP

Comprehensive. Caring. Confidential.

About Memorial EAP

No one is immune to personal concerns, and when left unaddressed, they can impact your emotional well-being. Memorial Employee Assistance Program (EAP) is designed to help you resolve personal concerns before they become more serious and difficult to manage.

You, your spouse and your dependent children can receive short-term, professional counseling to address a wide variety of concerns. Memorial EAP also provides access to information and resources that can help you answer virtually any personal question or concern.

Memorial EAP is highly confidential and all applicable state and federal laws regarding confidentiality are applicable. Any information regarding counseling services can only be shared with written approval and counseling services are not documented within the electronic health records to ensure privacy is guarded.

There is no cost to use Memorial EAP services for up to six free counseling sessions, per issue, per year. If ongoing counseling or specialized treatment is recommended, your health insurance or other benefits may apply. In such cases, Memorial EAP will coordinate a referral to the most appropriate and cost-effective provider.

Steps for participation in the program

- Call Memorial EAP at **217-788-9345**.
- Following a brief intake, an appointment will be scheduled with the appropriate resources at a convenient time.
- You will meet with a Memorial EAP counselor or service line expert to discuss your concern in strict confidence.
- Your counselor or service line expert will help resolve your concern and provide appropriate information for resolution or refer you to a specialist when appropriate.
- Access resources online at **ChooseMemorial.org/MemorialEAP**.

Counseling Services

Memorial EAP provides up to six free counseling sessions per issue, per year, for colleagues, their spouse and their dependent children (26 and younger). Or you may be referred to a professional resource with expertise within your area of concern. Some of the concerns Memorial EAP can help with include:
