"Celebration" is a mixed media collage of paper, ink, pigments and gold thread mounted on a wood panel. Her work explores the ostensibly simple language of geometric shapes and elemental forms - circles, dots, lines - as well as the layering of colour transparencies and delicate textures. Bob is an accomplished and innovative metal-smith and jewelry designer, and his practice has incorporated a variety of mixed and often incongruous media, often based on what can be rescued from the relative obscurity of junk markets, landfills or everyday debris: scraps of paper, plastic, metal, glass, wood, toys, etc.

It's smooth, delicate and calm. 2) Old Weller Antique is a wheated bourbon with a full-bodied flavor and a balanced palette. Old Weller Antique is bottled at 107 proof, offering a complex taste and bold finish. The taste is very well balanced with sweet fruit notes, strong vanilla undertone and sharp spicy tones with a cinnamon finish. 3) Weller 12 Year is part of the wheated bourbon family, and is aged far longer than most wheated bourbons. This offering is a smooth, easy-going and balanced offering with a beautiful deep bronze color. 5030. **Tail Command Doggie Day Care**

Doggie Day Care is one of the best forms of socialization, training, and exercising dogs. Think of it as an all in one deal. We help curb behaviors such as sitting, barking excessively, and other bad habits. Your dog will learn sit and leash work. We definitely exercise your dog while it's staying here throughout the day. With over 12 hours of play time, trust us when we say your dog is going to go home one tired pup! Socialization is becoming a big factor to dog ownership. It's the idea of having a dog that can be around other people, dogs, and situations that involve both without worrying about barking, biting, and fighting. We help with that tremendously through our Open-Based Day Care Camp. We have over 4,000 sq ft of climate controlled inside and artificial turf outside. \*Dogs must meet our requirements; be up to date on Rabies, Distemper-Parvo, Bordetella and if over the age of 6 months they must be spayed or neutered.

The perfect gift for yourself, a recent graduate, an alum or a fan of the team! This Fighting Illini adirondack chair is hand crafted by Greg and hand painted by his wife Karen.
