SIU RESIDENTS FACEBOOK GROUP

The Office of Graduate Medical Education (OGME) facilitates a closed Facebook group for current, former, and incoming residents & fellows.

This site is the main location of up to date rentals and homes for sale. The majority of homes listed for sale in this group are owned by exiting residents.

Incoming residents may find helpful information in this group regarding local services and relocation. It can also be used as a forum to pose questions to current residents and staff. Exiting residents can list items for sale here, such as furniture.

The link to this Facebook group is: <https://www.facebook.com/groups/SIUResidents/>

OGME encourages all incoming residents to submit a request to join the group. The administrators might ask you if you are an incoming resident or if you are a partner of an incoming resident. This helps us determine that you are not someone requesting to join who is not affiliated with an SIU resident.

We look forward to seeing you on Facebook!
