

SIU MEDICINE

Essentials of Problem-Based Learning (PBL)

SIU School of Medicine | June 02-05, 2020 | Springfield, IL

DO YOU WANT TO:

- Use PBL to build competencies and critical thinking?**
- Build meaningful problems connected to curriculum goals?**
- Design a PBL curriculum and assess student learning?**

JOIN US FOR THIS EXPERIENTIAL WORKSHOP

PBL uses real-world, authentic problems to facilitate active learning, collaborative problem solving, critical thinking, and real-time knowledge exploration. Dr. Howard Barrows, a seminal figure in PBL, implemented a PBL curriculum at Southern Illinois School of Medicine (SIUSOM), and since its onset to the present day, the university has been recognized for this innovative pedagogy. In this hands-on workshop, faculty develop skills for integrating problem-based learning within their curriculum, including how to design a problem-based curriculum, draft essential problems, facilitate small groups, and assess students. Through interactive skills sessions, faculty will practice tutoring problems they are developing for their own curriculum. Educators from a wide range of academic disciplines, educational interests, and cultural backgrounds are welcome. Workshop participants come from a variety of interdisciplinary backgrounds, and this creates a collaborative space for sharing problem-development ideas, institutional challenges, and creative solutions.

COURSE OBJECTIVES

By the end of this workshop, you will be able to:

1. Articulate the principles of problem-based learning
2. Design a more effective PBL curriculum
3. Construct problems to be used in your PBL curriculum
4. Facilitate a PBL tutor group dedicated to collectively solving problems
5. Design an effective outcome assessment system for a tutor group and student learning

**Provided by: Department of Medical Education
Southern Illinois University School of Medicine**

TENTATIVE DAILY SCHEDULE

Day One: Experience PBL, Tuesday, June 02, 2020

8:15-8:45 Continental Breakfast
8:45-10:15 Tutorial Process Session I: Hands-On PBL Experience
10:15-12:00-Directed Learning
12:00-1:00 Catered Lunch
1:00-2:30 Process Session II: Hands-On PBL Experience
2:30-3:30 Mentor Insight: Outcomes Assessment in PBL
6:00-8:00 Group Dinner

Day Two: Create PBL, Wednesday, June 03, 2020

7:45-8:00 Continental Breakfast
8:00-9:00 Faculty Mentor Insight: Exploring the Role of the Tutor
9:00-11:30 Facilitator Session I: Interactive PBL Tutoring with Students

Day Four: Lead PBL, Friday, June 05, 2020

7:45-8:00 Breakfast
8:00-9:00 Mentor Insight: PBL Research
9:00-11:30 Session: Field Test Problems
11:30-1:00 Consultations, Catered Lunch, and Ceremony

- The SIU School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
- The SIU School of Medicine designates this live activity for a maximum of 24.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
- SIU School of Medicine is preapproved as a continuing nursing education provider pursuant to Section 1300.130, subsection c), 1), B) and P) of the Illinois Department of Financial and Professional Regulation Nurse Practice Act. Nurses may receive a maximum of 24.25 contact hours for completing this activity.
- SIU School of Medicine is a licensed provider for continuing education for social workers (license #159-000106), professional counselors/clinical counselors (license number 197-000073), and clinical psychologists (license #268-000008).

WORKSHOP INSIGHT FROM PAST PARTICIPANTS

The most valuable aspect of this workshop is...

“Learning how PBL works and how to develop PBL problems.”

“Watching the PBL case unfold and glitches and areas where students got stuck. Seeing other workshop participants approach to PBL.”

“Learning how to be an effective tutor, being able to practice, and case writing.”

“Practicing with students.”

“Participating in an actual PBL gave me insight on how it is to be a learner.”

“Great workshop! I'm glad I came to Springfield for this. Well worth it.”

FACULTY

Boyoung Suh, PhD, is Assistant Professor of Medical Education at SIU School of Medicine. He earned a PhD in Learning, Leadership, and Organization Development at the University of Georgia. Dr. Suh is director of the Academy for Scholarship in Education and co-director of Professional Development at the Center for Human and Organizational Potential at SIU School of Medicine. He is a Year 2 PBL group tutor and a member of Educational Policy Council.

Anna Cianciolo, PhD, is Associate professor of Medical Education at SIU School of Medicine. She earned her Ph.D. in engineering psychology at the Georgia Institute of Technology in 2001, completed a 2-year postdoc at Yale University, and joined SIU in June 2011 with 10 years' experience in training and education research for the U.S. Army. Her research interests vary widely, including facilitator practices in small group instruction, clinical reasoning development and assessment, and educational program evaluation. Dr. Cianciolo is the Editor in Chief of *Teaching and Learning in Medicine*.

Heeyoung Han, PhD, is Assistant Professor of Medical Education at SIU School of Medicine. She earned a PhD in Human Resource Education at University of Illinois at Urbana-Champaign. She serves as a deputy editor of *Teaching and Learning in Medicine* and an editorial board member of *Human Resource Development Review* and *Korean Medical Education Review*. She holds an elected position as the MESRE (Medical Education Scholarship Research and Evaluation) section chair of CGEA (Central Group on Educational Affairs) of AAMC (Association of American Medical Colleges).

Shelley Tischkau, PhD, is Associate Professor of Pharmacology at SIU School of Medicine. She earned a PhD in Molecular Physiology from the University of Illinois at Urbana-Champaign. She teaches in the Endocrine/Reproduction/GI unit in the medical curriculum and is Chair of Educational Policy Council. Dr. Tischkau has a diverse background that includes teaching at the K-12, junior college, undergraduate and graduate levels. She has experience incorporating problem-based learning and team-based learning in curriculum design, faculty development and tutor training.

Debra Klamen, MD, MHPE, is Professor and Chair of the Department of Medical Education at SIU School of Medicine. She is also the Senior Associate Dean for Education and Curriculum. She completed a Masters of Health Professional Education at the University of Illinois at Chicago in 1998. Dr. Klamen has written numerous articles on medical school education, focusing on assessment and educational innovation.
